COMMANDO'S FAST MILE.

Great Domine Colt Eased Up in Last Quarter of a Mile and Yet Makes a New Track Record -Hanover Queen Captures Hudson Stakes -Twenty Thousand Persons at Gravesend. Another great growd, probably 20,000 persons, went to the Gruvesend track yesterday, attracted by a magnetic card. The feature was the Carlton Stakes of \$5,000, for threeyear-olds, at one mile. In the list of entries ent out on Friday were the names of ten starters. Nine of them were asked to beat

James R. Keene's champton colt, Commando, by Domino-Emma C. As evidence of the held, eight of the entries were withdrawn, neluding R. T. Wilson Jr.'s The Parader The remaining contender for the stake was C. Fleisohmann's Sons' Blues. Third money went begging. Commando's impost was 126 pounds, and his jookey Spencer. Blues carried 111 pounds and was ridden by Shaw. Mr. Keene's colt was considered such an ironded cinch that the layers opened him up at 1 to 5. There were so many big betters who were willing to risk \$500 to win \$100, that the price was soon lowered to 1 to 6. Blues opened at fours, but receded haif a

The track had dried out and was in fairly good condition. The horses were sent away in front of the stand and until the middle of the backstretch was reached, it was an even thing. In that period, though, Commando literally ran Blues to a standstill for when they reached the turn, the great Domino colt drew away with consummate ease, still going at top speed. Coming home in the stretch, Spencer eased Commando up and then came on, looking back at Shaw. who had Plues under the whip. It was the asiest kind of a victory for the Keene colt, there being an advantage of four lengths for him at the wire. When the time was hung out there was a burst of applause, for Commando had covered the mile in 1:39 2-8, though simply galloping in the last quarter. It was a new track record. His fractional First eighth, 0:12 1-6; quarter, 0:24; three-eightha, 0:36; half mile, 0:48; five-eightha, 1:00 2-5; three-quarters, 1:13; seven-eighths, 1:26 1-5; one mile, 1:39 2-6.

First eighth, C12 1-6; quarter, C24; three-eighths, C36; half mile, C148; rw-eighths, L26 1-6; one mile, L30 2-6.

Next in importance was the Hudson Stakes of \$3,500, for two-year olds, distance five furiongs. The Goldfinder, Birston and Kaleidoscope were scratched. The talent made Capt. S. S. Brown's Meridian an S to 5 favorite, with Gunfire second pick, played down from threes to 5 to 5. Hanover Queen was at fours and Whiskey King at sixes. During a delay at the post, in which the barrier was twice broken, Spencer and Burns were fined \$50 each. When they were off Hanover Queen went to the front and never was headed, winning by two lengths.

Altogether it was a herd day for the talent. Three favorites were successful, though one of them. Commando, was at a prohibitive price. Spencer rode two winners. Long shots were decidedly in evidence, especially in the first two races. There was a delay of twenty minutes at the post before the first race, a highweight handicap for all ages at about six furious, was started. Gold Fox. because of his easy victory over Mayor Gliroy on Friday, was made the favorite at 5 to 2, though Katherina was half a point higher in value. There was a good play on Prince Richard, and also on Magnifeent. The delay at the barrier spolled the chances of Magnificent Katherina and Gold Fox, that carried weight. After breaking the barrier down "Father Bill Daly's Fabius, queted in a number of books at 151 to 1, proceeded to run away from the field at diagfail. He was a wild horse, yet Gold Fox shad dropped back, and Ben Viking, 10 to 1, came up on even terms with the Daly colt. The race down the stretch was between them, Ben Viking drawing away in the last furlong and winning by three lengths. Gold Fox had dropped back, and Ben Viking, 10 to 1, came up on even terms with the Daly colt. The race down the stretch was botween them, Ben Viking drawing away in the last furlong and winning by three lengths. Fabius beat Prince Richard by a head old for him up when opposite the betting ring.

NO SAIL FOR INDEPENDENCE.

Unfavorable Weather Stops It -Lawson Denies Report.

Boston, June ! - The report published in New York yesterday and telegraphed to the morning newspapers here, to the effect that Thomas W. Lawson has given in fully to the demands of the New York Yacht Club in greeing to transfer by charter his sloop Independence in entirety to some member o the olub, caused him to issue a denial of the story this evening. Mr. Lawson said:

Every one seems to be better posted than I Every one seems to be better possed man 1. I know of nothing that her m any way changed or affected the etatus of my yacht Independence aince the publication of my letter of May 25."

Owing to the unfavorable weather this morning the Independence did not leave her moorings for a trial trip off Boston Light. At 9 o'clock there was a heavy fog down the bay and a cold mist was driving in from the northeast. Some of the guests had assembled when word came that the trip was off and that it would take place on Monday morning. The beat was all ready for the trial except for the bending of the sails, but the delay in taking her clock shipshape by cleaning up the deck and arranging things below. The wheel was shipped to-day and Capt. Haff was much pleased with the control the steering goar had over the balance rudder. The wheel can be twirled with a finger while the boat is not under way, but some of the old saits shook their heads dublously when something was said about how the rudder would act in a heavy sea. The Independence now contains seventy-five tons of ballast and she measures 85 feet on the water line. She presents a low free-board and looks like a clean-cut racer. The crew is quartered aboard the barge Penokee and has comfortable surroundings. know of nothing that her m any way

Soull Honors - Nonparelle Capture the Four-Oared Gig and Junior Eight Races. New York oarsmen made amends for the many defeats in the Harlem regatts on Decoration Day by almost sweeping the board of prizes in the twenty-seventh annual regatta of the Passalo River Amateur Rowing Association, held on the Passalo River yesterday the card were won by New York clubs and in one other race the double of the Union Boat Club showed more speed than the two local crews that competed, but an unfortunate

foul deprived the Union men of victory. The start for the opening event was opposite the willows and after a straight mile journey the oarsmen finished nearly opposite the Institute Boat Clubhouse. Three races were rowed down stream and then the order was reversed to take advantage of the tide. All the events except the eight-oared shell races were rowed over the one-mile course one mile and a half.

The Nonpareil Rowing Club was the only dual winner, the caremen wearing the striped black and yellow placing the four-oared gig and junior eight races to their credit, C. S. Tièus, the New Oricans sculler, won his first race in the Union Boat Club colors by defeating J. Bond, Jr., of the Bachelors Barge Club of Philadelphia. The noted Dauntless eight added another to its list of victories, and Lester N. Mackey com-pleted the list of Harlem River Club wins by defeating two Newark souliers in hollow style in the race for seniors, who had not won in that class. The Nereld double scored a lucky win in the Junior doubles, while T. A. Toering, of the Passaic B. C., best the singularly unfortunate Lone Star souller, Sam Cramer, in the Junior singles. Sum-

Society turned out in force yesterday to witness the last international game of lacrosse Crescent's country club grounds, Bay Ridge, opposing players and swift, accurate shooting for the goal nets aroused plenty of enthusiasm and to the onlookers the best of it was
that the Crescent team won by a score of

the second half the playing was hard. Graham and Wall came together and Wall was

NEWS OF THE WHEELMEN.

Birthday Party of the L. A. W.

Tom Linton, formerly a school mate of Jimmy Michael, who was seen here a few years ago, arrived in the city on the steamer St. Louis yesterday. He brought with him two pacing motor tandems and a crew of four riders to man them. Just before leaving Paris Linton defeated Bauge and Charles Miller in a fifty-mile paced race. Linton and his pacemakers, Henri Content, Louis Jallabert, Riebert Forest and Pierre Cournier, left last night for Boston, where Linton is to race on June 11. The Welshman is looking for challenges.

Former Judge Charles E. Simms, Jr., exresident of the Associated Cycling Clubs of New York and chairman of their Committee on Rights of Wheelmen and Legis lation, is preparing a revision of the local ordinances relating to bicycles and other vehicles. The Associated Cycling Clubs will submit this revision to the Municipal Assembly. All conflicting sections will be changed and a uniform series will undoubtedly be the result. The A. C. C. have had this matter under consideration for some time, but the recent discussion about the "Collins law" has hastened their action. On Friday last the League of American

Wheelmen was twenty-one years old, and to celebrate the fact there was a most peculiar reunion on the rocks at Newport, where photograph was made of those present just as it was at the same place on the Sist of May, 1880, when the good old League was organized. The peculiarity of the reunion was that "those present" consisted of only two of the charter members, H. L. Willoughby of Newport and Will R. Pitman of this city. Of the original founders of the League there are now living only twenty who are still members. These are:

OLD ELI'S GREAT FINISH:

PRINCETON BECAME RATTLED IN LAST INNING AND YALE MADE SIX RUNS.

Exuberant Students Compelled Cops to Join in

War Dance Which Followed the Blue's Sensational Victory-"Cheering Won for Yale," Said Captain Reid of Harvard. NEW HAVEN, June 1 .- The town is in the throes of an old-fashioned celebration tonight in consequence of Yale's victory over Princeton in the first game of the annual baseball series. As an exhibition of baseball the game was poor. In point of excitement its like has not been seen on Tale Field n years. It was a repetition of the game at Princeton last year, when fale went to pieces in the ninth and allowed Princeton to score five runs and a victory. When fale went to bat in the last half of the ninth inning to-day the score stood 8 to 8 against her. The crowd kept up a continual cheering and the Princeton team became rattled. Cosgrave and Meier made five errors and presented the game to Yale.

When O'Rourke, son of the old professional crossed the plate with the winning run the excitement was indescribable. Every player on the Yale team was carried from the field in triumph, while the police were selzed individually and made to waltz and two-step with hundreds of excited students. The college band struck up the famous "Boolah" song, and every Yale man in the crowd joined n a war dance around the diamond. The two Princeton players who turned victory into defeat by their poor work left the field in tears. Yale's new \$19,000 grand stand was completed in time for the game and every seat was filled. About 5,000 persons were present. Betting on the game was very heavy, the odds were at 5 to 4 on fale. In some instances as much as 2 to 1 was given by the Yale backers.

The game was played under American

Dennis, Cornell and Robert D. Wrenn, Harvard, compose this committee and all were present. Nothing startling has been done as yet but another meeting is to be held. The amendments have all been in the line of making the rules read more smoothly and clearly. The committee are a unit in their determination to make the rules capable of but one interpretation. This has been done in respect to the rule on downs, to the measuring for downs, to several parasses referring to offside play and to the rule in reference to the safety touchdown. It was learned on good authority that an amendment will be brought up later cutting down the points for a goal from the field. At present this counts five points. Some of the committee consider this play in a great measure individual and that on this account five points are too many. Three points is all it is worth necording to these men and they will ask the committee to change it to this.

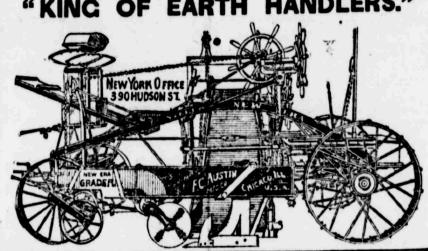

It is also said that the rule requiring at least five players to be in the scrimmage line may be amended so that six will have to be in that line. This will affect the system of play in vogue at Yale and Pennsylvania and it would tend to a more open style of game. Last year many games were decided in the ability of the licker to kick goals from touchdowns. This is also an individual play to a certain extent and its scoring value may be reduced. Other rules that are slated for discussion are those relating to offside and penalties for fouls.

A great fight is expected on the penalty for holding. At present for such an offence if the offending side has the ball they must surrender it to their opponents. This is considered too severe for the offence committeed and an ondeavor will be made to change this rule so that a ten-vard penalty will be all that is put upon this technical foul.

TROUBLE IN TRIANGULAR LEAGUE Prominent Baseball Players of Wesleyan, Wil-

WILLIAMSTOWN, June 1.-The troubl in the Triangular League of Weeleyan, Williams and Amherst over the rule concerning professionalism in baseball has not vet been settled. The undergraduates here feel that some new rule will be passed. The difficulty began last April at an athletic conference of the three colleges. The delegates at this meeting were Prof. Nicolson and Mr. Marvell of Wesleyan, President Harrris and Prof. Phillips of Amherst and Prof. Morton and Rice from Williams. This Prof. Morton and Rice from Williams. This conference was called by Wesleyan in order to determine the status of her baseball captain, Lufkin. Some Wesleyan alumni had raised a fund and given it to Lufkin, thus enabling him to return to college and pitch on the team. Had it not been for this amount he would have been obliged to leave college and so weaken Wesleyan's teams, as he is also right guard on the football team. Nothing is heard here but praise for Wesleyan in her straightforward and sportsmanlike action in thus questioning the eligibility of one of her star players. At the first meeting Lufkin's case was not acted upon.

At the first meeting Lufkin's case was not acted upon.

At the same conference charges were made against Pitcher Dunleavy of Amherst by Wesleyan and Williams, Dunleavy was a member of the Bridgeport (Conn.) State League team last summer on a signed contract and entered Amherst last fall. In a letter to a friend in Brooklyn Terry McGovern writes that it is his intention of returning East within two weeks. Hereafter he says that although he has been anxiously awaiting the arrival of Tim Heggerty. the Australian featherweignt cnampion, he does not think that the antipodean is really coming to America or has any idea of fighting him.

An effort is being made to have Terry McGovern and Dave Sullivan meet in a 20-round bout at Harford. It was originally proposed to bring the twain together at Louisville, but owing to the exessition of boxing in that city the battle had to be abandoned. Manager Crowley of the Nutmeg A.
